## THURSDAY BULLETIN

January 7, 2021

Dear Parents/Guardians,

Happy New Year! We hope your Christmas was filled with joy and blessings! Although the pandemic has made everything different, it has also reminded us of the importance of many small things we often took for granted. Holidays make this especially evident as we discover new ways to celebrate while missing our loved ones.

Thank you for your patience and understanding during our closure related to COVID. We know what a challenge the closure presented for many families, and we appreciate everything that was done to make the best of a difficult situation. We cleaned and sanitized the entire building, preparing for the return of our students.

In the next couple of weeks, our older students will return to campus following a hybrid learning model. This model allows us to adequately distance all individuals. We are excited to see everyone in person each week! 5th and 6th grade students will return next week, and the middle school students will return after Martin Luther King Day. Letters were sent home during vacation to explain schedules and procedures. If you need any clarification, please contact the office.

As we continue through the school year, hosting a large number of students on campus, we ask that you remain diligent with monitoring health symptoms at home. Ultimately, keeping unwell children at home will ensure that we can remain open throughout the pandemic. Please continue to stress the importance of mask wearing and hand washing, and communicate any concerns or health issues with the school. The health attestation form is required each day for students to enter the building.

MAP testing will occur during the next three weeks of school. In order to complete this testing with minimal distractions, we ask that you have students arrive at school on time and schedule any appointments after school hours if possible.

Finally, both the school and Educare will be closed on Friday, January 15 for professional development and on Monday, January 18 in observance of the Martin Luther King Jr. holiday.

In gratitude,

Stacie Holcomb
